

Choose A Camera:

HERO3 Black Edition: \$399.99
2X More Powerful!!

Smaller, lighter and 2X as powerful. GoPro's new wi-fi enabled HERO3 Black Edition camera is the most advanced GoPro, yet. (WiFi Remote Included!) The Black edition camera is 2X as sharp as the other models with better low light performance. We recommend this model for those of you who will be using it primarily for underwater use or would like to utilize the excellent low light and slow motion capability. For people looking for professional quality video this is the model for you.

Video/photo Specs:

- Professional **2.7kp 30 fps, 1440p 48 fps, 1080p 60 fps, 960p 100 fps, 720p 120 fps, and WVGA 240** fps video capture
- **12MP** photo capture with 30 frames per second burst
- Can simultaneously capture photo and video

Key Specs:

- Wi-Fi Built-In
- **Wi-Fi Remote Compatible (included)**
- Compatible with all GoPro mounts for attaching to your gear, tray, pole, body, helmets and more
- GoPro App Compatible (FREE)
- Stereo Microphones
- Professional Low-Light Performance
- 197' / 60m Waterproof Housing
- Premium mounts and hardware included for attaching to helmets, gear and more

HERO3 Silver Edition: \$299.99
Specs are equivalent to the Hero2.

GoPro's Silver Edition shares the same specs as the Hero2 but is smaller, lighter and Wi-Fi enabled. This camera is extremely capable of delivering excellent HD video. For people who want great quality video who do not need the improved low light or slow motion capability this camera may be for you.

Video/Photo Specs:

- Professional **1080p 30 fps, 960p 48 fps, 720p 60 fps and WVGA 240** fps video capture
- **11MP** photo capture with 10 frames per second burst
- Can simultaneously capture photo and video
