★:A close-up lens with M67 mount can be attached to the end of the port.  
 \*1:Manual focus cannot be used.  
 \*2:Auto focus cannot be used.  
 \*3:It may be necessary to remove the dome shades at the widest picture angle so they do not appear in the images.  
 \*4:The location of the gear on the lens is different from that described on the instruction sheet. Please see addendum sheet included with the housing.
