- ★:A close-up lens with M67 mount can be attached to the end of the port.
 ※1:Setting of the aperture value more than F8 is recommended.
 *1:Manual focus cannot be used.
 *2:The power zoom can be used with the accessory spacer.
 *3:The combination will prevent internal light reflections from the built-in flash.
 *4:Light Shielding Sponge, which prevents internal light reflections from the built-in flash.
